PROJECT TITLE: MOYA'S LOVE

Summary

Moya, a female politician caught between love for a man and the actions of his friends that threaten to destroy an invaluable marine reserve, may risk everything for love, or risk losing it for a righteous cause.

This is a love story set against the backdrop of environmental justice. It's one woman's struggle for not only a love of the land as she fights to save the precious environment but also her very dignity as she falls for a man who is the best friend of her biggest adversary. The political stakes are high and so too the livelihood of hundreds of fisherfolk who face the threat of disappearing marine life in this dynamic drama.

The filmmaker is seeking venture capital to fund production.
