SECTION 2 TERMS OF REFERENCE

JAMAICA: FOUNDATIONS FOR COMPETITIVENESS AND GROWTH PROJECT

Loan No.:9203-JM – Government of Jamaica Counterpart Financing – Component 1

Assignment Title: PROGRAMME MANAGER – TRADE FACILITATION TASK FORCE

Reference No: FCG/GOJ/CON/19

1. BACKGROUND

The Government of Jamaica has secured a loan from the World Bank to finance a project entitled Foundations for Competitiveness and Growth (FCG). The Project Executing Agency is the Planning Institute of Jamaica (PIOJ) with key Project Components to be implemented by the Jamaica Promotions Corporation (JAMPRO) and the Development Bank of Jamaica (DBJ) as the Lead Coordinating Agencies. The overall objective of the project is to strengthen the business environment in Jamaica for private sector investment by promoting broad-based private sector-led growth, improving the investment climate, modernizing infrastructure and logistics, as well as enhancing entrepreneurship and competitive industries.

Component 1 of the project, which is coordinated by JAMPRO, seeks to enhance competition in the business environment. The initiatives under the project are expected to strengthen the enabling environment for private sector competitiveness to help Jamaica unleash its potential for productivity and growth.

Additional Financing has been approved by the World Bank to implement critical investment climate reforms. The end date of the FCGP will be extended to March 2024 upon signature of the Loan Agreement for Additional Financing. The expected outcome of the expansion is the marked improvement in the business climate. The initiatives under the project are expected to strengthen the enabling environment for private sector competitiveness to help Jamaica unleash its potential for productivity and growth, including to improve the trade environment.

Jamaica's Trade Facilitation Reform Programme is (TFRP) being implemented against the background of the GOJ's Public Sector Transformation and Modernization Programme (PSTMP), which builds on previous efforts to reform the public sector. In keeping with the National Development Plan: Vision 2030, the government has established its priorities, as reflected in the Government's Strategic Priorities for the period, 2018-2021, and the 2019/2020 Fiscal Policy Paper. The Government of Jamaica (GoJ) is currently pursuing a programme of trade facilitation reform to achieve alignment with the World Trade Organisation (WTO) Trade Facilitation Agreement (TFA), modernize the national trading environment in line with the government's objective to become a world-class logistics hub and stimulate economic growth.

Consequently, to facilitate the TFRP, a Trade Facilitation Roadmap and Action Plan was approved by Cabinet, setting out the overarching implementation plan and strategy for achieving these reforms, which are generally aimed at resolving procedural obstacles and impediments in Jamaica's border regulatory procedures, in order to improve the overall business and trading environment. These reforms are expected to yield greater efficiency and business competitiveness, and form part of the GoJ's overall thrust towards achieving accelerated economic growth.

The TFRP includes numerous inter-related and mutually supporting projects across six Output areas, summarized below as:

- Output 1 – Institutional and Governance Framework for International Trade
- Output 2 – Increase efficiency of Border Regulatory Agencies (BRAs)
- Output 3 – Establishment of an Electronic Single Window (ESW)

- Output 4 - Increased access, transparency and predictability of trade information
- Output 5 – Improvement in logistics services
- Output 6 – Enhanced capacity within BRAs and traders

These Outputs, which address Jamaica’s trade competitiveness issues, will take into account the synergies with existing trade facilitation initiatives in the country to avoid any duplication of efforts. Among the Outputs are several activities related to the revision of Jamaica’s institutional and governance framework for international trade to enhance inter-agency coordination, streamlining of public-private dialogue, and promotion of a cost-effective trade environment.

The Trade Facilitation Reform Agenda is being executed through a coordinated framework with the Ministry of Industry, Investment and Commerce (MIIC) serving as lead Ministry with oversight for implementation of the TFRP. Implementation is led by the Trade Facilitation Task Force (TF2) through its secretariat which resides within the Trade Unit of MIIC. Implementation is directly supported by the Office of the Cabinet, the Ministry of Health and Wellness, the Ministry of Finance and the Public Service and the Ministry of Economic Growth and Job Creation, which are Leads for the various Output areas of the Programme. The Ministry of Foreign Affairs and Foreign Trade also serve as acritical ministry. Coordination and implementation of activities are activated through Steering and Technical Committees comprising representatives of the Border Regulatory Agencies (BRAs), lead implementing agencies, other government entities and the private sector.

Recent analysis completed by the World Bank (WB), the International Trade Centre (ITC) and UNCTAD has indicated that despite gains made by the GoJ in improving the trading environment, such as the implementation of ASYCUDA, there remains major weakness in the nation’s trade facilitation environment, which must be addressed with alacrity if transformation is to be achieved. Some of these include:

Lack of coordination among border regulatory agencies;

- a) Complexities and multiplicity of steps involved in executing transactions;
- b) Over-regulation of trade practices
- c) High levels of inspection;
- d) High fees and charges;
- e) Low business capacity to comply with international trade procedures and quality requirements;
- f) An absence of an integrated and harmonized cross-border framework; and
- g) Legislation and policies which require revision, having regard to the need to ensure conformity with best practices, and update laws and policies in light of the changes which have been made/are being made, and are to be made.

In recognition of these challenges, the FCGP is providing funding support for positions in the Trade Facilitation Secretariat.
