# Agribusiness

Domestic consumption, the diaspora and the tourism sector are the demand drivers for agricultural crops, alongside export markets in the United States, Canada, United Kingdom, Latin America and Caribbean. Jamaican agri-products including rum, coffee, sauces, herbs, spices, yam, are recognised across the globe for their quality and niche product appeal.

- **"Made in Jamaica", Global Brand Appeal**
- **Home to the world's best brew, "Blue Mountain Coffee"**
- **Variety of soil types and microclimate year-round**
- **Value-added niche food manufacturing**

# Logistics

Jamaica's strategic location positions it as the premier leading logistics hub, and gateway to the Americas, UK, Europe and beyond. With unmatched maritime access, two sailing days from both the Panama Canal and Miami, and world-class airlift from three international airports (1.5 hours from Miami), Jamaica is your premier business destination.

- **Special Economic Zone (SEZs) incentive**
- **945 flights weekly and service from 39 Airlines**
- **3.2M TEU capacity, Port of Kingston**
- **Automated Systems for Customs Data (ASYCUDA)**
- **25+ Shipping lines**
- **Port Community System for six seaports and three international airports**
- **Internal road infrastructure**

# Global Digital Services

Jamaica is the Global Digital Services capital of the Caribbean. Jamaica has attracted 60,000 seats in the BPO and KPO services. We offer proven talent, an experienced workforce, and cultural alignment with North America. Companies operating in Jamaica offer world-class customer service, technical support, finance, accounting and human resources.

- **Home to Global BPO and ITO Brands Alorica, Concentrix, EY, Ibex, KPMG, Sagility, Sutherland, Teleperformance and VXI**
- **Competitively priced**
- **Highly trained and experienced BPO talent in a similar time zone to the US**
- **Largest native English-speaking workforce in the Caribbean**

# Tourism

Jamaica remains a bankable destination for investors. Tourist air arrivals have consistently increased year over year from the Americas, Europe and other countries. Impressive ADR and average 70% year-round occupancy, Jamaica is the premier destination for foreign direct hotel investment. The country is home to global icon Sandals Resorts International and other international brands. The recent opening of The Princess Hotel and construction of The Hard Rock Resort and Casino, both over 1000 rooms, demonstrates Jamaica is the go-to destination for profitable hotel investments.

- **Minimum ADR estimates @US\$300 per night**
- **Destination Brand Appeal**
- **39 Airlines serving three international airports**
- **Annually attracts over 4 million tourists globally**

# Film

BOB  
MARLEY  
**ONE  
LOVE**

Since 1984, the Jamaica Film Commission has positioned the island as a premier filming destination, hosting blockbusters, hit series, award-winning documentaries, and music videos, from James Bond classics *Dr. No* and *No Time to Die*, to *Cocktail* with Tom Cruise, *The Mighty Quinn* with Denzel Washington, Idris Elba's *Yardie*, Netflix/HBO's *Get Millie Black* and *Black Cake*, and Beyoncé and Jay-Z's *Black Effect*.

- **Local technical production capacity**
- **Unmatched location diversity**
- **Duty-free temporary import of production equipment**
- **Sought-after destination, hosting 70-125 film productions each year.**

# Non – Food Manufacturing

Jamaica offers a competitive edge in manufacturing for high-value products with preferential access to markets in the Americas and Europe, strong airlift and shipping connectivity. The island is an ideal hub for value-added production medical devices, personal care, paper and household products, and other light manufacturing.

- **Special Economic Zones**
- **No Limitations on foreign ownership for land and property**
- **No FX controls**
- **Educated and Skilled Talent pool**
- **Nearshore advantage**
- **Abundant raw materials Bamboo and Castor Oil**

# Mining

Approximately 85 per cent of Jamaica's total surface coverage is limestone, with a capacity of 150 billion tonnes and extractable capacity of 50 billion tonnes. A local partner is not required for mining operations in Jamaica. Jamaica's limestone reserves also include deposits of high purity limestone which is used in food and pharmaceutical products.

- **Value added or derivative products for chemical and industrial use**
- **Jamaica's proximity to Panama Canal and Miami by sea.**
- **Internal road and rail infrastructure**
